

I am saddened by
Sinclair
Broadcasting's
decision to air an
anti-Kerry
documentary days
before the election.

This is the same
company which
refused to broadcast
the reading of the
list of the US dead
in Iraq. They are
clearly exhibiting
bias in favor of the
Bush administration.

Sinclair uses the
public airwaves free
of charge, and is
obligated by law to
serve the public
interest. I do not
believe it serves
the public interest
to broadcast what
amounts to
propaganda without
offering equal time
to the opposing
viewpoint.
